Kansas Citizens For Science Mission Statement

Kansas Citizens for Science is a not-for-profit educational organization that promotes a better understanding of what science is, and does, by:

• Advocating for science education
• Educating the public about the nature and value of science
• Serving as an information resource

KCFS adopted this mission statement in 2000, and we continue to be guided by it today.

Why the heck should I join...
What Does KCFS Do?

- Monitors the Kansas State Board of Education to ensure K-12 science standards are free from anti-scientific content.

- Hosts monthly Science Cafes in Overland Park, Wichita, Manhattan and Hays, where scientists present and attendees discuss ideas in casual settings.

- Awards scholarships to teachers to attend the annual convention for Kansas science teachers, KATS Kamp.

- Gives presentations on science and classroom activities at KATS Kamp.

- Donated lab equipment to a Kansas school devastated by a tornado.

- Purchased Raspberry Pi computers to award to deserving students.

- Questions Kansas political candidates about their stance on science-related issues such as global warming and science education and informs the public of their responses.

- KCFS is on Facebook. Join our FB page now!

Here Are Just a Few Reasons You Should Become a KCFS Member:

- **You’re a fan of science.** And you want Kansas school kids and adults to catch science fever, too.

- **You support world-class science standards** in Kansas K-12 science classes.

- **You want to be informed** of political candidates’ positions on science-related issues like science education and climate change.

- **You enjoy reading** fun, interesting science news on the KCFS Facebook page.

- **You want to start** or continue to attend Science Cafes in your area.

- **You think it’s important** Kansans and others have access to science information and resources KCFS provides.

And last but not least...

- You could use a **tax deduction** at income tax filing time.

So what are you waiting for? Become a KCFS member today!
