

“What’s the Matter With Kansas’ Science Standards, And Why Should You Care?”

**A presentation by Jack Krebs
President of Kansas Citizens For Science
and Member of the Science Standards Writing Committee**

Q: What’s wrong with the standards the current majority on the Board of Education adopted?

Q: Does it really matter what the Kansas K-12 science standards say?

Q: Why didn’t the BOE adopt the standards recommended by the majority of the committee they had appointed to write them?

**Learn the answers to these questions and more at
this free public presentation.**

Thursday, July 27, 7:00 – 9:00 PM

**Shears Technology Center
Hutchinson Community College & Area Vocational School
1300 N. Plum, Hutchinson, Kansas**

**Sponsored by Kansas Citizens For Science
www.kcfs.org**
