

# **“What’s the Matter With Kansas’ Science Standards, And Why Should You Care?”**

**A presentation by Jack Krebs  
President of Kansas Citizens For Science  
and Member of the Science Standards Writing Committee**

-----

**Q:** What’s wrong with the standards the current majority on the Board of Education adopted?

**Q:** Does it really matter what the Kansas K-12 science standards say?

**Q:** Why didn’t the BOE adopt the standards recommended by the majority of the committee they had appointed to write them?

-----

**Learn the answers to these questions and more at  
this free public presentation.**

**Monday, July 31, 7:00 – 9:00 PM**

**Performing Arts Center  
Kansas City Kansas Community College  
7250 State Avenue, Kansas City, Kansas**

**Sponsored by Kansas Citizens For Science
