

“What’s the Matter With Kansas’ Science Standards, And Why Should You Care?”

A presentation by Jack Krebs

**President of Kansas Citizens For Science and Member of
the Science Standards Writing Committee**

Q: What’s wrong with the standards the current majority on
the Board of Education adopted?

Q: Does it really matter what the Kansas K-12 science
standards say?

Q: Why didn’t the BOE adopt the standards recommended by
the majority of the committee they had appointed to write
them?

**Learn the answers to these questions and more at this free
public presentation.**

Friday, July 28, 7:00 – 9:00 PM

**St Thomas Episcopal Church,
710 N Main St, Garden City KS**

Sponsored by Kansas Citizens For Science www.kcfs.org
