

# **“What’s the Matter With Kansas’ Science Standards, And Why Should You Care?”**

**A presentation by Jack Krebs**

**President of Kansas Citizens For Science and Member of  
the Science Standards Writing Committee**

**Q:** What’s wrong with the standards the current majority on  
the Board of Education adopted?

**Q:** Does it really matter what the Kansas K-12 science  
standards say?

**Q:** Why didn’t the BOE adopt the standards recommended by  
the majority of the committee they had appointed to write  
them?

**Learn the answers to these questions and more at this free  
public presentation.**

**Saturday, July 29, 1:00 – 3:00 PM**

**Fort Hays State University  
Tomanek Hall, Room 106  
Hays, KS**

**Sponsored by Kansas Citizens For Science [www.kcfs.org](http://www.kcfs.org)**
